### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

1. The objection regarding the use of the first page of the WIPO document filed 31 March, 2005, which has an abstract, also as the abstract sheet in the instant specification, has been overcome by filing the typed abstract on a separate sheet.
2. The rejection of Claim 12 under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for hyaluronan esters integrated with specific chemical components such as those as taught in the art (Giusti et al), does not reasonably provide enablement for the same using any other components as broadly claimed, has been rendered moot by cancellation of claim 12.
3. The rejection of Claims 5 and 12 under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement has been rendered moot by cancellation claims 5 and 12.
3. The rejection of Claims 4, 6 and 9 under 35 U.S.C. 112, second paragraph, as being indefinite for recitation of the term 'substantially' is being withdrawn in view of applicants' arguments (See applicants' Remarks of 8/3/09, pages 7-11).
4. The rejection of Claims 12-15 under 35 U.S.C. 102(b) as being anticipated by Giusti et al (US 5,644,049) has been rendered moot by cancellation of the said claims.
5. The rejection of Claims 10-12 under 35 U.S.C. 103(a) as being unpatentable over Giusti et al (US 5,644,049) has been rendered moot by cancellation of the said claims.
6. Claims 1-4 and 6-9, drawn to a process for making hyaluronic acid (HA) ester wherein first a silylation on HA-ammonium complex is followed by acylation of the silyl HA-

Art Unit: 1623

ammonium complex with an acid chloride to give the ester is not taught or suggested by the prior art. The silylation part is the novelty. Neither a teaching, suggestion nor a motivation for performing the silylation step as instantly claimed is seen in the prior art.

Any comments considered necessary by the applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

Any inquiry concerning this communication should be directed to Shaojia A. Jiang, Supervisory Patent Examiner in Art Unit 1623 at 571-272-0627.
